

Hugh S. Taylor, MD

Hugh S. Taylor, MD, is Chair of the Department of Obstetrics, Gynecology and Reproductive Sciences at Yale University School of Medicine and Chief of Obstetrics and Gynecology at Yale New Haven Hospital (YNHH). A graduate of Yale College and the University of Connecticut School

of Medicine, he completed his residency at YNHH, followed by a postdoctoral fellowship in Molecular Biophysics and Biochemistry at Yale and a fellowship in Reproductive Endocrinology and Infertility.

Previously, Dr. Taylor was Chief of Reproductive Endocrinology and Infertility at YNHH and Professor and Vice-Chair of Obstetrics, Gynecology and Reproductive Sciences at Yale University School of Medicine. Under his leadership, the Section of Reproductive Endocrinology and Infertility has become nationally recognized.

He is Past-President of the American Society for Reproductive Medicine (ASRM), the largest American clinical organization for reproductive medicine specialists. An outstanding clinician, educator, and investigator, Dr. Taylor's research has been continuously funded by the NIH for more than two decades. He also has received multiple research awards from ASRM, the Society for Gynecologic Investigation (SGI) and the Endocrine Society.

Dr. Taylor is the Editor-in-Chief of the Journal of Reproductive Sciences and Editor of Endocrinology. As a member of the Board of Directors of ASRM, he leads the Endometriosis Special Interest Group and also serves on the Governing Council of SGI. Dr. Taylor received the SGI's prestigious President's Achievement Award in 2008. He has been recognized as "Mentor of the Year" by the American College of Obstetricians and Gynecologists and as "Honoree of the Year" by the Endometriosis Foundation of America.
